

A garden need special care keep it healthy. Some garden tools have short handles so you can garden specific little areas and other tools have long handles so you can work on larger sections of your garden.

Here is a list of the garden tools that Chef Solus and the Explorer Kids use to keep their vegetable and fruit garden growing!

Name	What does this garden tool do?	Picture
Boots	This is not a tool. Gardens can have wet dirt, compost and manure that you would not want to step in with your clean shoes. Garden boots protect your feet and are easy to clean.	
Garden Fork	A garden tool used for loosening up the dirt, lifting and turning dirt. It kind of looks like a big fork!	
Gloves	This is not a tool. But gloves help protect your hands when you are gardening.	
Hoe	A garden tool that has a long handle and a thin metal flat blade that helps break up soil.	
Hose	A hose is a flexible tube that brings lots of water to your garden. Plants need water to grow.

Pruner	A garden tool that is like a scissor used to cut back plants.	
Rake	This garden tool has a long handle and a comb-like end that is used to bring together soil and leaves into one pile.	
Shovel	This tool is used in the garden and in other areas too! It has a long handle and a big flat blade for moving large areas of dirt.	
Spade	This garden tool has a long handle and a broad flat sharp edged blade that is used for cutting up dirt and moving it. Some people mix up a shovel and spade because they look very similar.	
Tiller also called Cultivator	This garden tool helps to break up the soil and taking out weeds	
Trowel	A garden tool used for scooping and lifting small amounts of dirt. It is like a little shovel.	
Watering Can	This is a portable water container so you can water small areas of your garden or is perfect for areas that the garden hose does not reach.	

Name	What does this garden tool do?	Picture
Weeder	This garden tool that has a long thin neck with two prongs at the end and helps dig up the roots of weeds.	
Wheelbarrow	A small cart with one wheel in front used to move large amounts of dirt.	

Use the right garden tools and it will be easy to grow us!  
Then use us to make your favorite dishes taste great!
